Mr. James H. Lee
Regional Environmental Officer
Office of Environmental Project Review
Department of the Interior
Russell Federal Building
Suite 1320
75 Spring Street, S.W.
Atlanta, GA 30303

Dear Mr. Lee:

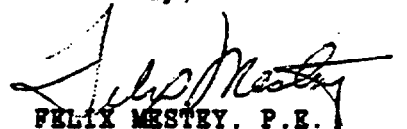

Section 104(b)(2) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) as amended by the Superfund Amendments and Reauthorization Act (SARA) requires the notification and coordination of Federal and State natural resource trustees with regard to potential damages to natural resources resulting from releases of hazardous substances, pollutants, contaminants or constituents.

In addition to the responsibility to investigate and clean up Navy-administered hazardous waste sites, the Secretary of Defense has been delegated specific responsibilities under CERCLA as a trustee for natural resources. Investigations under the Navy's Installation Restoration (IR) program are underway at U.S. Naval Station Roosevelt Roads and a Technical Review Committee (TRC) has been established for review and comment on the IR program activities.

As the primary trustee point of contact for this area, we request your assistance in identifying other Federal natural resource trustees to participate on the TRC established for our Command. Trustees will be receiving TRC meeting notices and copies of IR program documents as they are developed for the IR activities at Roosevelt Roads.

Unless we receive written notification to the contrary, we will continue to notify and provide documents to you for review and comment by the appropriate Federal agencies. We look forward to your participation throughout the IR program process. Please feel free to contact Mr. Jose R. Negron, P.E., Environmental Engineering Division at (809) 865-2507 for further information.

Sincerely,

FELIX MESTEY, P.E.
Director, Environmental
Engineering Division
Public Works Department
By direction to the
Commanding Officer
